Solar Warning	<ul style="list-style-type: none"><li>• Never look directly at the Sun with the naked eye or with this optic. Permanent and irreversible eye damage may result.</li><li>• Never use your optic to project an image of the Sun onto any surface. Internal heat build-up can damage the optic and any accessories attached to it.</li><li>• Never leave your optic unsupervised. Make sure an adult who is familiar with the correct operating procedures is with your optic at all times, especially when children are present.</li></ul>
